PASTOR BUDDY WATTS

TO HELP THOSE WHO ARE FAR FROM GOD
REALIZE THEY DON'T HAVE TO BE.

Where biblical giving is concerned it can be put into two categories. One category is tithing. This is when you show obedience to God by submitting 10% of your income to your local church.

The other category is giving. Giving, often defined as generosity, is when you support the local church by giving over and above the tithe.

The tithe is done out of obedience and giving is generous. You can be obedient and not generous. You can be generous without being obedient.

However, there is a third option and that is when you are obedient and generous. This is where I believe God wants us to live. Proverbs 22:9 tells us that those who are generous will be blessed.

If our motivation to give was to receive a blessing, we might be missing the point. If our motivation to give is to be a blessing, I think we have a full understanding of giving.

Paul tells us in Philippians 2 that we should do nothing because of selfish ambition but we should look for opportunities to help others.

Because of your obedience, and generosity, Legacy Church has been able to help others in 2022.

Take the time to look over this report and celebrate all that God did through Legacy Church!
